

GIS Users Meeting

Agenda

February 7th, 2013

The **Special Topic** for February will be

Presented by;

Michael S. Dueweke, Administrator - Michigan ESRI K-12 GIS License Program

It will be covering a collaboration between EMU and ESRI that benefits all K-12 schools in the State of Michigan. This collaboration permits EMU, as the License Administrator to provide a complete suite of GIS software tools free to all teachers, students and school administrators of public, charter, parochial and private schools. Now all K-12 education providers can join the Geospatial Revolution today.

To support the K-12 licensing, the program hopes to develop a Teacher Mentor Corps, comprised of GIS professionals and college students, in regional groups, who can volunteer and work as unpaid interns to help teachers get over their initial technical hurdles and work with them to develop student exercises.
